County Councillor's

Parish Report

Government Consultation on Council Reorganisation

On 19 November, the government launched their consultation on the two proposals submitted for council reorganisation in Suffolk. Suffolk County Council submitted a business case for the government proposing one council for the whole county, and the districts and boroughs submitted a business case proposing three councils, Western Suffolk, Central and Eastern, and Ipswich and Southern Suffolk. The government consultation is different from local consultations you may have filled out recently, and central government will be making the decision on what councils will look like in Suffolk in future. This consultation is only available until 11 January 2026, a relatively short time for Suffolk residents to express their preferences. You can find the consultation here: <https://consult.communities.gov.uk/local-government-reorganisation/norfolk-suffolk/>

If you want to read through the business cases proposed for the changes, there are links to them on the consultation page above.

Financial Pressures

On 4 November, Cabinet reviewed the council's financial performance for the first two quarters of the 2025-26 financial year. The council is now predicting an overspend for the year of £20.8m, which it will have to fund using its Risk Reserve. This is an increase of £7.5m compared to the prediction at the end of quarter one. Council financial reserves are forecast to reduce by £37m overall during the year, which is extremely worrying and unsustainable. The Dedicated Schools Grant 'negative reserve', a debt relating to Special Education Needs and Disabilities spend, is likely to be -£72.9m by the end of the year. The government allows local authorities to hold this debt via a 'statutory override' which is due to expire in March 2028. If the provision for this expires, it is likely that many councils in the country – not just Suffolk County Council - would be unable to balance their budgets. As well as SEND, overspends at the council are mostly in adult and children's social care.

Nationally Significant Infrastructure Projects

At Cabinet on 4 November, it was agreed that the council would object to the Nation Grid's proposed Norwich to Tilbury grid reinforcement, which would see pylons and overhead electricity lines bisecting the county. Some undergrounding is planned in the Dedham Vale National Landscape area, with the council pressing for undergrounding in the Waveney valley too, and more generally objecting on the basis that offshore alternatives had not been fully explored, and that the grid reinforcement might not be necessary in the timescale asserted by National Grid Electricity Transmission. The council is also concerned about the impacts of the project and its construction on the environment and residents of Suffolk, and the possibility that the new lines might lead to an increased number of solar farm applications and energy projects along the route which would have a cumulative effect on the local area.

The council is also objecting to the Sea Link project, whereby cables would make landfall between Aldeburgh and Thorpeness, with a new substation and energy infrastructure built at Friston near

Saxmundham. The grounds for objection include inadequate road access, impact of the scheme on the local landscape and the proposals for a new bridge being 'disproportionate' and damaging to the environment and local heritage including Grade II listed buildings nearby.

Planning for Emergencies

At Scrutiny Committee on 20 November, the council's business continuity arrangements were reviewed. Business continuity refers to how the council ensures it would be able to continue providing essential services in situations of emergency, for example power outages, flooding, or pandemic illness like Covid. Members of the Joint Emergency Planning Unit joined the meeting to explain that all directorates at the council held plans for possible scenarios and incidents, with directors providing oversight and teams in each directorate reviewing and updating the plans as necessary. The council can also set up an Emergency Control Centre to respond to incidents and coordinate if multiple council directorates are affected. The council undertakes planned exercises to assess how its plans would work, and reviews processes after each incident or exercise to improve them. It also takes part in regional exercises, and uses a Home Office recording and planning system, Resilience Direct, to respond to emergencies, which means that it is not reliant on council IT systems in case of a cyberattack. Paper copies of all plans are kept in case of power outages.

New Project Celebrating Disability

Suffolk Archives has received a grant of £139,107 from the National Lottery Heritage Fund to deliver a new project called Beyond Labels: Celebrating Disability which aims to shine a light on the lives achievements and challenges of people with disabilities in Suffolk. Beyond Labels will collect and preserve personal stories - as well as the histories of organisations, schools, and charities that support disabled people - to create a record that celebrates those who cope with disabilities, while sparking conversations about inclusion, accessibility, and equality.

As part of the project, Suffolk Archives will work with local schools and community groups to offer free workshops that teach skills in recording, organising, and preserving archives. There will also be workshops around the county that provide opportunities for participants to co-create projects that amplify disabled voices and educate others about the challenges faced in daily life. The project will also include cataloguing and selective digitisation of existing disability-related records, making them more accessible to the public and ensuring that Suffolk Archives reflects the diversity of the county. There will be a free public exhibition at The Hold in Ipswich which will run from February to May 2026 to celebrate the stories collected through the project and encourage greater awareness and empathy across Suffolk.

Students debate climate issues at councils' second COP-style event

Ahead of global leaders gathering in Brazil for COP30 next month, students from schools across Suffolk have taken part in their own event to tackle real-world climate change issues.

'A groundbreaking step forward' – Councils make listed building energy upgrades easier

A groundbreaking council initiative – one of the first of its kind in the country – will help owners of Grade II listed buildings make their homes more energy efficient.

Councils ask communities to identify potential development sites

Residents, developers, landowners, businesses and other organisations are being invited to submit locations which could be considered for planned future development.

Dog owner prosecuted for noise nuisance

A Shotley resident has been fined over £1,000 after repeatedly allowing his dog to cause a serious noise disturbance, despite multiple warnings and formal enforcement action.

Developer cash to support communities in Babergh and Mid Suffolk

Towns and parishes across Babergh and Mid Suffolk are set to receive more than £1m in developer contributions to help community infrastructure keep pace with housing growth.

Upcoming funding summit

The Babergh and Mid Suffolk grants and funding team is hosting a free funding summit on Wednesday 19 November at Chamberlin Hall, Bildeston, from 9am to 2.30pm. The event will help community organisations access the funding they need and is being delivered in partnership with Suffolk Community Foundation, Community Action Suffolk, Suffolk County Council and the National Lottery Community Fund. Anglian Water flood guidance

Anglian Water has created a leaflet to help people protect their homes from winter flooding. The information is particularly relevant due to the long, hot summer we have

had this year. You can find the leaflet as an attachment on this email. Further flooding information and guidance can be found on our website.

Sustainable Communities Food Fund

Our Sustainable Communities Food Fund provides grants to small scale food initiatives such as community pantries, fridges and food pop-ups.

Between £250 and £5,000 is available and can be used for anything from the purchase of equipment and revenue costs to delivering training and workshops.

Funding is awarded on a first come, first served basis, so please encourage groups to submit an application as soon as they can.

2.

Good afternoon,

Please find attached updated spreadsheet showing the progress of NSIPs and large-scale energy projects in the districts for your information.

Of note in this update:

- The Norwich to Tilbury project has been accepted for examination by the Planning Inspectorate. You can view the application documents, and interested parties can register to comment on the application / participate in the examination here: <https://national-infrastructure-consenting.planninginspectorate.gov.uk/projects/EN020027/get-updates/start>
- The Essex and Suffolk Water transfer, recycling and storage project non-statutory consultation has started and runs until 10th December. There will be a series of consultation events throughout November. The consultation can be found here: <https://suffolkwaternetwork.co.uk/>

We are expecting more projects / applications which may warrant a further update during a month. I will continue to review the effectiveness of this email update to keep councillors and parish councils up to date. I appreciate all feedback, thank you.

Please do let me know if you need any support for your parish council meetings regarding any of these projects, or any other matter.

Please be reminded that pre-application details (those shown in red text on blue background) are confidential and must not be shared. If you are uncertain about what can be shared please contact me.

I hope this is helpful. As ever, please do not hesitate to contact me if you have any queries.

Good morning,

Babergh and Mid Suffolk officers are trialing the offer of a regular drop in surgery to support our communities with the Norwich to Tilbury NSIP.

Starting on Thursday 13th November, officers will be available to answer questions about the project, process and how to participate.

Questions can be emailed in advance to planningpink@baberghmidsuffolk.gov.uk but this is not essential.

If the surgery sessions are helpful, we will look to continue to offer them throughout the examination and beyond.

Please note: The regularity of sessions may change depending on officer availability.

Interested parties can join the surgery session using the details in this invite.

Please do share this with your communities and let me know if you have any queries.

Devolution in Norfolk and Suffolk

The new Mayoral Combined County Authority (MCCA) website is now live.

Although the site is still in its early stages and content will continue to be developed, it already provides a helpful overview of the work underway to establish the new combined authority for Norfolk and Suffolk. The website sets out background information on the devolution process, governance arrangements, and the next steps towards formal implementation.

As the MCCA develops, additional information will be added, including updates on key milestones, details of the proposed functions and responsibilities, and opportunities for councils to stay informed.

Councils are encouraged to familiarise themselves with the site and check back regularly for updates and supporting materials.

Dear all,

Today the government launched its [consultation](#) on local government reorganisation (LGR) in Suffolk. This will run for seven weeks until 11th January.

LGR presents the biggest change to local government in Suffolk for over 50 years – and the consultation gives stakeholders and residents the chance to have their say.

Suffolk community leaders from sectors including health, social care, business, agriculture and tourism, have all backed the One Suffolk plan for a single unitary council to deliver all county-wide and local services. Watch this video to hear directly from some of our advocates: [Voices of One Suffolk](#)

One Suffolk would create key benefits, including:

- Empowering communities by offering powers and funding to town and parish councils where these councils express a desire for additional responsibilities. Creating a new town council for Ipswich to enhance democratic representation.
- A new deal for market towns, including Ipswich, backed by a £40 million capital investment fund, and a review of car parking charges and markets conducted in consultation with traders, businesses and representative bodies.
- Building a strong, flourishing, and resilient local economy that serves all residents, businesses, and communities.
- A stronger voice for Suffolk through effective collaboration with the new mayor, focusing on clear investment priorities that maximise benefits.

The alternative proposal, from Suffolk's district and borough councils, would see Suffolk split into three arbitrary council areas, putting key services such as social care at serious risk and costing millions to set up.

Their plan does not address the enormous costs associated with splitting up these critical services, and poses clear risks to the most vulnerable people in Suffolk. Not only would three councils cost significantly more than a single unitary for Suffolk - it would also cost more than the current two-tier system.

What happens next?

We are confident that One Suffolk is the right approach for Suffolk and will deliver greater support and influence for town and parish councils – and we have been contacted by a number of you who share this view.

It is vital that government hears directly from you – so please do engage with the consultation and have your say in this momentous decision for Suffolk. You can take part here: [Consultation on Proposals for Local Government Reorganisation in Norfolk and Suffolk - Ministry of Housing, Communities and Local Government - Citizen Space](#)

Thank you once again for your engagement and for the constructive way you have helped to shape this important work. If you would like to be involved in our One Suffolk proposal, we would be delighted to hear from you.

Yours sincerely,

Cllr Matthew Hicks, Leader of Suffolk County Council
Nicola Beach, Chief Executive of Suffolk County Council

Dear all

Consultation on proposals for local government reorganisation in Suffolk now open

The Government has now taken an important step forward shaping the future of local government in Suffolk. Following the announcement last week, a public consultation has now been launched on proposals for local government reorganisation - an initiative that could significantly transform how services are delivered across our communities.

Why is this happening?

This consultation stems from the Government's White Paper "*Power and Partnerships: Foundations for Growth*" which sets out a vision for stronger, more efficient local governance.

In September 2025, two detailed proposals were submitted outlining potential models for unitary local government in Suffolk. They aimed to simplify structures, reduce duplication and create a system that is better equipped to meet the needs of residents and businesses.

What does the consultation involve?

Before any proposals can be implemented, the Government is seeking views from residents, businesses and stakeholders. This consultation will assess the merits of the submitted proposals against key criteria including improved service delivery, value for money, local identity and accountability.

All responses will be considered alongside representations and other relevant information before a final decision is made.

We have updated our information page to help your council recap on what has been happening over the last 11 months.

<https://salc.org.uk/information-page-devolution#scrollTop=0>

Why your voice matters

Local government decisions affect everything from housing and transport to education and social care. This is your opportunity to influence how these services are structured and delivered in the future. Every response will help shape the assessment process and inform the Government's judgment on which proposals - if any - should be implemented.

SALC super-forum - 2nd December online

We now have over 70 delegates booked onto our devolution super-forum, which we hope will be a lively and informative session that aims to unpack:

What devolution really means and how it differs from local government reorganisation.

The current timetable and next steps.

The ambitions behind the forthcoming draft Devolution Bill.

Suffolk County Council officers will be sharing what is being devolved, outline transition plans and an update on the 2026 County Council elections and pre-election period.

We asked in advance for questions ahead of the session and the deadline has now passed. Thank you to those who have contributed.

If you haven't already booked we encourage you to do so. The event will be held on the MS Teams Platform and we will be using breakout rooms to split delegates up into district-based area forums to allow for group discussions.

BOOKING PAGE - you will need to log into your portal account to register or ask your clerk to do so. Any queries contact the SALC team who will be pleased to help - admin@suffolk-alc.gov.uk

NALC and the British Toilets Association (BTA) National Survey

NALC and the British Toilets Association (BTA) have today launched a national survey for parish and town councils to provide views and updates on public conveniences they currently manage or are likely to manage in future, to coincide with World Toilet Day 2025.

NALC and the British Toilets Association would like to get as firm a handle as possible on general trends on public conveniences (financial/operational/asset and liability transfer) currently managed by parish and town councils, and, separately, likely to be transferred to parish and town councils as a consequence of local government re-organisation – in the context of there being no single database where this data currently resides.

Please complete the short snapshot survey on public conveniences your council owns or manages by latest **23:45 on 14 January 2026** (the survey will take around 5 minutes to complete).

Nationally Significant Infrastructure Projects

Bulletin - NOVEMBER 2025

[Access issue of the newsletter using this link](#)

Suffolk already has a high number of nationally significant infrastructure projects (often referred to as NSIPs) and it is anticipated there are many more coming down the line.

Community representation is at the heart of what local councils do and it is essential that through town and parish councils local voices are heard. The NSIP process is complicated, lengthy and impacts on both officer and councillor time.

We have set up a dedicated page on our website to present links and information designed to help guide parish and town councils and parish meetings find out more about the county-wide picture and guidance to help them engage.

[Please click here to view this page.](#)

As promised, where we are notified about updates and deadlines for parishes we said we would contact those affected direct with any further guidance and information we are gathering from past experience.

SEA LINK is now at examination stage and SALC is registered as an interested party so watched the preliminary meeting and the subsequent issue specific and open floor hearings. We also receive updates and looking at written representations to help aid out learning and sharing of approach for future projects. Working with the Town and Country Planning Association we held workshops to assist parishes on preparing for the examination stage.

NORWICH TO TILBURY opportunity to register as an interested party closes on 27th September. We have held two workshops on how and why to register as an interested party and also been

commissioned again to run workshops on preparing for examination stage in January. The dates are (which cover Norfolk, Suffolk and Essex). Please put one of these in your diary - details of how to book direct with TCPA to follow.

Monday 12 January – 17:00-18:00

Wednesday 14 January – 17:00-18:00

Tuesday 20 January – 17:00-18:00

Wednesday 21 January – 13:00-14:00

We are looking to re-vamp our dedicated page and the merits of individual project-based pages. We are also starting the recruitment of a dedicated officer at SALC to help support parishes engage with future NSIPs having secured funding for this important new post. The timetable is to have someone in the SALC team by end of Feb/March 2026.
